

## Agreement between ISE and organisation, initiative, project or network

This document describes an agreement between the **Affiliate institution/organisation** and the lead partner INTRASOFT International SA to work cooperatively in a strategic alliance to achieve mutual benefits.

### 1. Objective of the Partner Agreement

The objective of this agreement between the **Affiliate institution/organisation** and Intrasoft on behalf of the ISE project is to create a European-wide network of interested organisations/individuals to be regularly informed about project developments in relation to innovative science education, invited to share relevant news and project results and to participate in dissemination events. A second objective is to enable long-term cooperation on a European scale.

### 2. Description of the ISE Project

The mission of the Inspiring Science Education project is to provide digital resources and opportunities for teachers to help them make science education more attractive and relevant to students' lives. Through the Inspiring Science Education website and the activities organised by the partners, teachers help students make their own scientific discoveries, witness and understand natural and scientific phenomena and access the latest, interactive tools and digital resources from within their classrooms.

### 3. Description of the Affiliated Partner

**(insert short, max 100 word, description of the organisation that is the subject of this agreement)**

### 4. ISE and Affiliated Partner obligations

Both ISE and the **Affiliate institution/organisation** agree to the following:

- ISE will carry a log and direct link to the affiliated organisation on the ISE website
- ISE will highlight where appropriate through news stories on the project website and in the project social media channels activities and events organised by the affiliated partner
- **Affiliate institution/organisation** will provide a short description of ISE on their website and circulate information about ISE to their community/network including major project outcomes
- **Affiliate institution/organisation** will include an ISE logo/badge and link to ISE on the home page of their website
