

# ERATOSTHENES EXPERIMENT 23.09.2015

## Winner of the September 2015 Eratosthenes Experiment Photo Contest

Dear participants in the September 2015 Eratosthenes Experiment Photo Contest organized by Ellinogermaniki Agogi's (EA) Research and Development Department, as part of the Inspiring Science Education (ISE) project.

The Eratosthenes Experiment, organized on the 23<sup>rd</sup> of September 2015, received another overwhelming response, as 344 schools from 31 countries participated in this celebration of science and education, calculating the circumference of the Earth by using eLearning educational tools and simple instruments.

47 schools and institutions took part in the Eratosthenes Photo Contest, submitting pictures capturing the schools' involvement in the experiment.

The winning teacher in the September 2015 Eratosthenes Experiment Photo Contest is [Anita Simac](#), at the [Osnovna skola Petra Preradovica](#) in Zadar Croatia, who will receive one scholarship to attend the [Inspiring Science Education Summer Academy](#), also organized by EA's R & D Department on 10-16 July 2016 in Athens.

Aside from congratulating the winner, we would like to take this opportunity to thank all participants who are helping to turn the Eratosthenes Experiment into a magnificent world educational event and invite everybody to join us again on March 21<sup>st</sup> 2016. For similar events, contests and a wealth of educational material and teaching communities join us on <http://www.inspiringscience.eu/>

On behalf of the ISE project,  
The EA R&D team
